FINDERS SHARERS

FINDERS SHARERS is an inaugural Spring community gathering and celebration as part of the project **FORAGERS, WEED GARDENS** and **GATHERINGS**. It brings together the workshop outcomes and locally sourced food stocks alongside local people working across sustainable urban practices of food, nutrition, fashion and art production. FWG has been initiated and guided by local community members, participating artists and OSCA who have been gardening out of St Bede's Community Garden since 2015.
